

# ICLEI USA Network

More than **500 member local governments**  
Representing more than **25% of the population**

A topographic map of the United States showing the distribution of ICLEI member local governments. The map is overlaid with numerous small white dots, indicating the locations of these governments across the country. The dots are densely clustered in the eastern half of the United States, particularly in the Northeast and Midwest, and more sparsely distributed in the western half.

# How do local governments benefit from working with ICLEI?

- National and international network of peers
- Framework for approaching climate protection
- Emissions Analysis Software and Decision Support Tool
- Standard Methodology and Technical Assistance
- ICLEI Trainings and Events
- Technical, policy, and communications assistance
- Tools and Resources (publications)
